

Information for CCHIE Participants Transitioning to NC HealthConnex

Coastal Connect Health Information Exchange (CCHIE) is closing in August of 2023. CCHIE is working with the North Carolina Health Information Exchange Authority (NC HIEA) to help participants transition to NC HealthConnex, the state designated HIE. During the transition, CCHIE will continue to provide current technology and support-only operations.

The first step for CCHIE participants to transition to NC HealthConnex is to fill out a [participation agreement](#). To avoid any interruptions in services, participation agreements with the NC HIEA must be submitted no later than December 31, 2022. This will allow technical onboarding to NC HealthConnex to begin in January of 2023.

We have co-hosted two webinars to help answer questions regarding the transition of CCHIE's participants to NC HealthConnex as well as an overview of NC HealthConnex value added services. Please see links below for more information.
